A word from Mrs Skee...

This week I have had the great pleasure of getting into classrooms to observe first hand the amazing work that is being undertaken by both our students and staff. As we all recognize, learning is an ongoing process, and one that can have many twists and turns. What suits one person, by way of their learning, may not always suit another. I am always in awe of the creative and engaging ways that teachers and

Education Support Staff go to to ensure that ALL students are taught at their point of need.

Below is some photos of some of the ways that learning has been fostered at NEPS.

One of the many things I love about Neps is the way in which our teachers embrace every opportunity to engage our students in the learning process.

Photographed here is Mr Dubois and his class learning all about number lines.

Making great choices both in the yard & with his behaviour. Congratulations Beau!!

Great job keep up the fantastic work !

ANICOM DRESSUP The JSC invite everyone to dress up on Thursday for some free fun to celebrate superheroes & animated characters. The parade was held at recess time & thanks to all parents/carers whom came to watch or just helped their students to get organised for the fun day.
